Student Performance Analytics Report

Data-driven insights from academic and extracurricular metrics

Key Metrics

Avg CGPA	Max CGPA	Backlogs	Top Rank
7.2	9.01	7.7%	11814

Academic Performance

CGPA Distribution

Most students fall within the 7–8 CGPA range, indicating moderate overall performance.

GPA Trend (Sem 1–6)

GPA shows a steady upward trend, reflecting gradual academic improvement over semesters.

Ranking Insights

CGPA vs Rank

Higher CGPA generally corresponds to better ranks, though the relationship is moderate.

Background Influence

10th Marks vs CGPA

Students with higher 10th marks tend to perform slightly better in college.

12th Marks vs CGPA

12th marks show a strong positive correlation with CGPA.

Skill & Achievement Impact

Technical Projects vs CGPA

Technical projects show minimal direct impact on CGPA but are important for skill development.

Backlog Analysis

Backlog Impact on CGPA

Students with backlogs have significantly lower CGPA on average.

Branch-wise Performance

Average CGPA by Branch

CSE students slightly outperform other branches, while core branches show more variation.
